

PerfMaster Air V3

Medium to high-volume perforating and scoring

Vacuum-feed operation with built-in register guide

Perforate and score, including micro-perf options

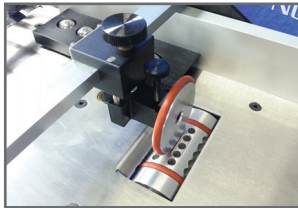

Easily change from perforating to scoring in just seconds

Self-fanning system

Change from Perf to Score in Seconds!

Get accurate high-speed perforating and scoring with a built-in register guide.

Bottom Vacuum Feed with Register Guide

Rotary Perforating

Rotary Score

Version 3 of the COUNT™ PerfMaster Air is a simple-to-use vacuum-feed perforating and scoring solution that gets the job done quickly. The built-in register guide draws the paper against a side rail to ensure accurate registration of each sheet. You can easily set up for a wide range of paper stocks, and switch from perforating to scoring in seconds. You have 5 different interchangeable perf wheels available, including standard and microperf options.

PerfMaster Air V3

An easy-to-use bottom vacuum feed machine for high speed perforating and scoring for medium to high volume jobs.

Features

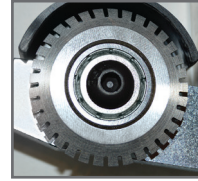

- Built in stand with wheels makes for easy mobility.
- Quickly change from perforating to scoring in just seconds.
- 18" wide paper feed capacity.
- Easy to set perf and score depth control.
- Capable of feeding single sheets, coated, multi-part open and glued edged stocks.
- Paper stops on the receiving tray can be easily adjusted to accommodate the size of the paper.
- Guide rails on the paper feed table are easily adjustable for various paper sizes.
- No need to fan the paper before feeding it through the machine.
- Bottom vacuum feed and dial controlled speed adjustment allow for easy sheet spacing control.
- Metal paper guide keeps paper flat on the receiving tray.

Specifications

Model:	PerfMaster Air V3
Model No.:	PMAV3
Weight:	255 lbs (116 kg)
Max Linear Perf/Score Speed: (sheets per hour)	26,000
Paper Weight Range: (gsm)	60 - 350
Dimensions:	44.0 L x 44.0 W x 32.0 H in (111.8 x 111.8 x 81.3 cm)
Max Sheet Size:	20.0 L x 18.0 W in (50.8 x 45.7 cm)
Min Sheet Size:	5.0 L x 5.0 W in (12.7 x 12.7 cm)
Electrical:	115 V, 60 Hz, 20 A or 230 V, 50 Hz, 20 A
Made in:	U.S.A.

BLADE TYPES

Standard-Perf Wheel:

The perf wheel that comes standard with all COUNT™ machines has 33 teeth, or 9 cuts per inch.

Micro-Perf Wheels:

Comes in as little as 185 teeth or 96 cuts per inch.
