The COUNT™ EZCreaser gives you the robust features you need at an economical price, for lower to medium volume creasing, perforating and scoring. You get the speed and reliability of a top-feed automatic friction paper feeder, with smooth, consistent operation. You get a machine that's simple to set up, and easy for anyone to use with the popular COUNT touch-screen operation, and one-touch automatic set-ups built in. You get even higher speeds when operating in perf mode, with 5 interchangeable perf (including micro-perf) and score assembly options available.

EZCreaser

An easy-to-use, affordable solution for low- to medium-volume creasing, perforating and scoring.

Features

- Offers a reliable top-load friction paper feed.
- CAM actuated compression creasing.
- Automated distance recognition allows auto setups for your most common creases and corresponding folds, including perfect bind.
- Comes standard with rotary perf wheel assembly.
- Optional micro-perf and score wheel assemblies are available.
- Includes micro-laterally adjustable feed rails and a sheet counter for batch and total counting.
- An ideal companion to the COUNT KF-200 for inline folding.
