The COUNT™ iCrease Pro + is a robust solution for creasing and perforating digital media to eliminate cracking when folding. Get the automation of bigger COUNT machines in a simple hand-feed machine anyone can use. The iCrease Pro + can crease and perf in one pass (no need to refeed!), with multiple crease locations and perfect bind covers, with choice of automatic hinge placement or no hinge.

Sheet set-up is automatic for 11 types of folds, including perfect binding, and 12 custom presets. Perforations are also a snap with 5 interchangeable perf options, including 2 micro-perf options.

# iCrease Pro +

*The ideal desktop size machine for both creasing and perforating.*

## Features

- Simple one-step hand-feed operation means anyone can use it.
- Can crease and perforate in one pass – no need to manually refeed the paper into the machine after creasing.
- Two-sided die creasing rod accommodates for heavier stock – simply remove and flip over to change from narrow to wide crease.
- Comes with pre-set crease locations for 11 different folds; plus 12 custom options to accommodate almost any fold.
- Crease up to 12 locations and 4 perforations per page.
- Switch from standard to micro perf in seconds – simply swap out the perf assembly.
- User-friendly touch screen for easy set up and control of the machine.

### Automatic Setup for the Most Common Folds

Bi-Fold  
Tri-Fold  
Z-Fold  
Letter Fold  
Roll-Up Fold  
Gate Fold  
Double Gate Fold  
Double Parallel Fold  
Perfect Bind - No Hinge  
Perfect Bind - Single Hinge  
Perfect Bind - Double Hinge

## Specifications

<b>Model:</b>	iCrease Pro +
<b>Model No.:</b>	ICPLUS
